Alumni Event

On Wednesday this week we held our third Alumni event. Students who have left us in the last couple of years were invited back to Iffley Academy to catch up with staff and former peers.

It was lovely to find out what students and their families have been up to and what they are doing now.

Termly Outcome Plan Evening - 29.04.25

On Tuesday 29th April we will be holding our Termly Outcome Plan evening for parents and carers here at Iffley Academy.

Bookings went live on ParentMail on Tuesday 15th April at 9.00am. We use an appointment booking system on our ParentMail application to book time slots for our Termly Outcome Plan evening.

Family Fun Day - Saturday 28th June

On Saturday 28th June, we will be holding our annual Family Fun Day for Iffley students and their immediate families.

Students recently brought a letter home regarding this day with a form to complete and return if you are planning to attend.

Once we have final numbers, students will be issued with tickets for this event. Please contact reception if you have any questions.

Jewellery reminder

Students should avoid wearing jewellery in school, the exception is single pierced ears with small studs, small watch/fitness tracker. Students should not wear watches that have access to the internet or take photographs.

Students should refrain from wearing necklaces/chains or bracelets in school. Necklaces and chains pose a health and safety risk. Thank you for your support with this.

If there are any issues please do not hesitate to contact Reception.

Thermomix Live Demonstration - Thursday 8th May - 3.30pm - 4.30pm

On Thursday 8th May we have an exciting live demonstration session of the Thermomix taking place in school. This impressive technology is something we feel could greatly benefit many of our students and is something we are hoping to incorporate into part of our food technology classes in the future. Not only this but many chefs use this technology within professional kitchens and it is something you might also be interested in within your own family home.

Please see the link below for more information: <https://www.vorwerk.com/gb/en/c/home/products/thermomix>

If you would like to attend the session to find out more, please complete the form below.

There is a maximum number of applicants that can attend this session.

Kirby Class

This term, Kirby Class have been on an exciting journey through local history as part of their humanities topic. Exploring the rich heritage of Oxford, they've visited iconic buildings and learned about famous people who have lived or stayed in the area. Alongside this, they've built their fitness by walking an impressive five miles! These walks not only support road safety and independence skills but also link to maths, as pupils time their journeys and use the data to explore distances and averages. Kirby class have really enjoyed this so far and are looking forward to the next history tour.
