Family Links - Parent & Carer Survey

Iffley Academy have been working alongside Family Links, a charity who provide training courses and resources for professionals working with families, parents and carers in a variety of settings.

They are keen to hear from our parent/carer community and have developed a short survey to explore how our parents feel about their relationship with Iffley Academy and also how the work Iffley Academy has done with Family links may have impacted our families. The survey will take no more than 3-5 minutes to complete and the survey will remain active until after May half term and responses are strictly anonymous. The survey will help us to understand your experience as a parent or carer of the school and whether any of the work Iffley Academy has been doing with Family Links has impacted you.

Calder class have had a fantastic first few sessions exploring Hill End and all the various learning spaces they will be accessing across the term.

Your Future Oxfordshire

Your Future Oxfordshire has been created to ensure young people educated in special schools, who do not sit traditional level 2 qualifications employers recognise, can still gain access to labour market information relevant to their needs and abilities. Every SEND student and their parents or carers should have access to good quality information about future study options and labour market opportunities. Your Future Oxfordshire aims to offer this information in an accessible and easy format.

The site features many different career paths young people can enter with no formal or minimal qualifications. Your future Oxfordshire have created a poster to promote this platform across schools. Please [click here](#) to view this poster.
