A community of special schools

**Administration Assistant
Candidate Information Pack
December 2022**

Welcome

Orion Academy provides education for secondary aged students with a range of Special Educational Needs and Disabilities, including Autistic Spectrum Disorder, Social, Emotional and Mental Health Needs, and Cognition and Learning Needs on its site on the outskirts of Oxford. The Academy moved into new, state of the art, buildings in September 2021. The new facilities offer a wide range of exciting curriculum and vocational opportunities to learners, and a fantastic working environment.

Orion Academy is part of The Gallery Trust's growing community of special schools alongside Iffley Academy, Bardwell School, Mabel Prichard School, Northern House Academy, Springfield School and Bloxham Grove Academy. Bloxham Grove Academy is currently in the pre-opening stage and will open in 2023/2024. The Trust is also in the planning stage for an additional new free special school in the South or West of the county.

All students who attend Orion Academy have an Education, Health and Care Plan, which describes their special needs and drives their educational provision.

Orion Academy currently offers places to 87 students, and the roll of the school will rise steadily over the next three years to cater for 108 students, aged from 10 to 18 years. Students attend from throughout the county, and transfer from our SEND feeder school, Northern House Academy, and from mainstream primary and secondary schools.

Students are taught through a differentiated and bespoke curriculum designed to enhance academic and social development, with a strong emphasis on independence skills. Classes are grouped into stage, not age, allowing innovative and creative approaches to teaching and learning, and are taught predominantly by a class teacher, supported by additional class adults. The Academy provides support for the social and emotional needs of students through a qualified and skilled therapeutic team, underpinned by a Trust pastoral support term. Please visit our website for more information.

Thank you for your interest in Orion Academy. This is an exciting time to join our school and we look forward to receiving your application.

Aims

At Orion Academy we believe our children and young people are unique individuals and as such we have designed our school curriculum with their learning and Social, Emotional and Mental Health needs at the heart of all we do.

Our nurturing approach seeks to extend our work out into the community; actively supporting, listening and engaging with our families and carers to deliver the best possible environment for our children and young people, thus enabling them to learn effectively, become active and responsible citizens who are well prepared for life after school.

We are committed to delivering this through:-

Our **nurturing approach** that will provide an environment to thrive –

- Where every child or young person is treated as an individual in a safe and nurturing environment that understands that all students can achieve but will require differentiated approaches based on their individual needs.
- With a school-wide family ethos demonstrating our values of empathy, acceptance and mutual respect, so each member of the school community feels valued and supported.

Our focus on **personal development** is designed to –

- Enable our children and young people to become more socially aware and of their responsibilities with a focus on trust and choice.
- Ensure we support our children and young people to make better decisions, coach them how to regulate frustrations, and reflect on their experiences through our restorative practices.
- Help our children and young people to make sense of the changing world and of the importance of diversity and equality of opportunity.
- Enable them to make informed choices and develop the confidence to be successful in their adult lives through our embedded personal, social and health education programme.

Our focus on **celebration and recognition of success** is designed to –

- Encourage and celebrate each student's talents, skills and attributes.
- Develop the confidence and self-belief of the individual – a culture of 'I can' or 'I can't... yet' is ingrained across our school.
- Provide opportunities for our children and young people to be successful and support them in both developing and promoting their individual resilience as well as celebrating the achievements of others.

Our **ambitious curriculum** offer that is designed to –

- Create the capacity to learn and enjoy learning by broadening our students' horizons and extending learning beyond the classroom.
- Use real-world examples and first-hand experience; develop curiosity and a desire to challenge their understanding and deepen learning.
- Prepare our children and young people for their future through our broad and balanced curriculum, providing them with knowledge, core literacy and numeracy skills and experiences as well as a range of qualification pathways.
- Embed key learning and understanding through careful and thoughtful revisiting and reinforcing, whilst increasing student independence.

Our **personalised provision** that –

- Is responsive to the needs of each student but is uncompromising in expectation. We will be relentless in our support for our children and young people to achieve beyond their expectations.
- Understands that whilst a student's needs are recognized and met, they are not confined by them; we do not define a future based on a child or young person's past and we are unapologetic in our approach in wanting our students to continue to push the boundaries of their potential.

Our commitment to **working in partnerships with our parents and carers** which demonstrates that –

- We believe our children and young people will achieve their best when families and our school work together in a partnership.

- Have expertise, specialist knowledge and an understanding of a child or young person's needs that embraces the most recent and evidence-based research will result in the best possible outcomes for students
