

Phonics home learning guidance.

When reading with child we use a couple of key phrases to help children master the art of reading a word:

'Fred talk' which means the children need to spot all the sounds in a word.

e.g. c – a – t.

'special friend' which means we are asking the children to search for two or three letters that make one sound in a word. E.g. play (ay), night (igh),

Please see below how we suggest using these to help your child read a word:

We are using the word **play** as an example.

Adult: 'special friend?'

Child: 'ay'

Adult: 'Fred talk'

Child: p – l – ay Play.

Suggested home learning.

We have put together a pack of words for your child to read with you. We know that the Easter break and after school can be busy so, please be aware that this is optional, and we won't be collecting in these sheets. We have created several sheets of words that you could access if you do find you have a spare 5 minutes or little pockets of time over the easter break. Again, please don't feel pressure to complete all the words or all the sheets we simply wanted to provide an array of different sounds and words for parents and carers.

1. You will see on each sheet that there is the focus sound:

E.g.
